

# Wandering Together

## THROUGH LENT

Come on an adventure together, to discover God!

During the season of Lent, take some time to go on a walk together-it might be in nearby bush, along a beach, or in your neighbourhood.

This Road Map will help your whānau, as you wander together, to think about God through exploring nature, reading stories, and asking questions.

You may choose to use the Road Map in whatever way works best for your family. You may choose to focus on one theme per week throughout Lent, or to complete all the themes in one adventure!

We trust you will have fun Wandering Together Through Lent.

We would love to hear about your adventures! Post photos to the Presbyterian Children & Families Ministry on Facebook, or use the hashtag #wanderinglent

# Wandering Together

## THROUGH LENT

### Road Map Key:

It's time to discover and explore together! Every theme begins with an adventure to find something in your surroundings.

We have chosen a Bible story to reflect each theme, and encourage you to read (or watch!) the story together on your journey.

We love questions that make us wonder! Use the prompts to help children think about the theme, and how it may apply to their lives
